**Re: Hall Properties, Harold, 108 West Main Street,
Jamestown, N.C.
Guilford County
Groundwater Incident Number 10002**

Dear Ms. Elder:

This will confirm our telephone conversation today. Our investigation to date does not confirm that Sun and/or Midstate Oil is or was the operator of underground storage tanks at the above-noted property.

Midstate Oil does confirm however that it does currently operate a service station, together with underground storage tanks, at a property described as 100 West Main Street, Jamestown, N.C.

Please let me know if this is perhaps the correct address of the property in question.

Very truly yours,

Robert F. Davis
